INTERNATIONAL WORK REGISTER

Since the formation of Falmouth Divers in 1978, we have worked in over 60 countries on 6 continents, with many countries being visited many times for various projects. Our personnel have a wealth of experience working in often harsh climates, and remote and hostile environments.

Over the years we have developed knowledge of permits, visa and regulatory requirements of various countries and are able to ship equipment as necessary to a wide range of international destinations.

The following list displays the locations we have worked in to date:

Angola	Cacuaco.
Aruba	
Australia	Port Headland.
